Rocketbirds 2 Evolution, developed by Ubisoft Montpellier's world-renowned Sponza Studios, is the delightful story of Hardboiled Chicken (with a flaming head) and the pint-sized budgie commandos on a mission to save the world. Hardboiled is the world's greatest detective and his sidekick, Smokestack, and they must use all of their extraordinary skills to defeat an army of evil penguins, crazy space owls and other fowl creatures in the battle to save the world. Rocketbirds: Evolution is the story of Hardboiled Chicken (flaming head) and Smokestack the Smallest Budgie. Hardboiled and Smokestack set out on a mission to save the world.
