RealTracks 3 is a full-featured and easy-to-use band-in-a-box (BiaB) that lets you compose and arrange quickly, or spend hours fine-tuning, with anyone who will listen to the music they create. LARRY BRISCOE, the beloved musical theater icon whose hit songs include "Seasons of Love" and "Another One Bites the Dust," has died at the age of 75. News and media reports credit the Los Angeles-based singer and actor as the author of several memorable tunes and the producer of others. "LARRY BRISCOE was the greatest show-business friend you could ever hope to have," the actor's longtime manager and friend, Rick Baker, told The Hollywood Reporter in an email. "There will be no one like him in my lifetime. His unmistakable voice, his unmatched style and his charisma were unequaled. Briscoe was born July 3, 1941, in New York City, according to his movie agent, Allyson Crow.

His first Broadway show, a 1964 production of the musical "Hair," was a huge hit, he became a top recording artist, and he continued to entertain audiences and coax money from producers as a character actor on television. In the mid-1970s, he emerged from a years-long stint in a heroin addiction and became one of the rare stage actors to break into the movie business. He got a few small roles and the one part he was hoping for was opposite Paul Newman in "The Color of Money," which became a major hit. He appeared in more than 50 films, including such classics as "The Hustler" and "The Last Movie." Briscoe was also known for his private lives as well as his work. His marriage to singer Liza Minnelli was a scandal after their daughter, Lavinia, who was born during their marriage, was reported missing in 1976. Broscu, who did not play in the band, was charged with the kidnaping of the baby and the cover up of a crime. A court ruled in 1994 that Broscu, who was then living in Montana, be extradited to New York to face the charges. He later married television producer Katie Finneran. The couple have two children, Lavinia and Brandon. LARRY BRISCOE TRIBUTE SHOW NEGOTIABLE'S THE MOB
