I have a nokia n1 plus 4g and currently have the Chinese version on it. I was wondering if there's a way to turn the chinese version of the phone into the global version of the phone, other than buying it and going through the process of converting the simcard, software, etc. Thanks Seeking code for nokia 2310 in Germany. Can anyone help? I own my phone and had it converted from US to German but I don't remember the code that

was on it. When the AT&T contract was up I transferred my service to Comtel, they promptly ported it. I have a nokia 6510 and I did manage to get the sim card (and phonesign) unlocked. I can now make international calls as well. I dont know if it is possible to have the phone unlocked though. Could you please help me with the sim card code because I have lost it and I don't have the phone with me to search for it! Yes, I'm Dane. I need to unlock my Nokia 533. I had an AT&T contract and transferred my service to Comtel, my SIM card was unlocked for international calls, I was therefore having a problem with a few messages being sent to my number, I sent them to message to dane@outlook.com and got an email back telling me that it couldn't work, because it wasn't set up correctly. I was able to find the phone at a garage sale 2 years ago in Michigan, and I also have an original nokia 1208 SIM card. Is it possible to unlock with it? Hi, My Nokia 781c phone can't receive messages, where to I get the Message Center Number option coz

apparently i have to reset and put in the correct one I've called my network service provider and they tried to troubleshoot my device but nothing is working. Please assist
